I. A. Mining Claimant and owner-  
Foot Mineral  
P.O. Box #5  
Naturita Colo. 84122

B. LENSEE  
Hunt Mining Co.  
Hanksville Ut 84734

C. Sub LENSEE AND OPERATOR  
Associated Energy Corporation  
5645 Waterbury Hwy Suite D-102  
Salt Lake City Utah 84121

II A. Claim name  
Blitz #7

II A. Description of Activities  
We will be mining in already established  
underground mines. We also will be using  
the existing dump sites. The only change  
that will be made on these dumps is that  
they will be enlarged. There is also a  
possibility that later in the year we might be  
doing some exploratory drilling.

B. Location of Activities  
These activities are located on Blitz claim #7  
which is located in the NW 1/4 of the  
NE 1/4 of the NE 1/4 of section 30 of  
T 32 S R 12 E

C. Description of Access Routes  
Access routes that will be used are the

Existing Garfield County roads which are maintained by Garfield County. We also will be using some already established claim roads which will be maintained by us during the time we use them.

E A. Statement of Reclamation

When mining is completed and where practical we will reshape the ground that we have disturbed to the approximate contour of the surrounding ground. We can also return the top 6 inches of topsoil in which we have stockpiled. At this time we could also construct any needed water bars to help prevent erosion.
